URPC Expands Defined Benefit Pension Plan Business; Service Excellence Initiatives Continue

Columbus, Ohio—December 5, 2016. United Retirement Plan Consultants, Inc. (URPC), a leading provider of third party retirement plan design and administration services, announces today a new region-by-region talent acquisition effort designed to add support to the growing national footprint of URPC's defined benefit pension plan business.

"Our defined benefit business continues to expand with cash balance type plans leading the way," said Lee Bachu, Chief Executive Officer of URPC. "In order to support this robust and fast-growing business unit, we are strategically adding highly skilled candidates to our existing teams of plan representatives and enrolled actuaries. Our clients will continue to benefit from URPC's commitment to engage people who possess special and creative technical capabilities and who exert extraordinary effort on behalf of URPC clients in the qualified plan retirement space."

With the anticipated change to the industry as a result of the Department of Labor's fiduciary rule, URPC's pledge to advisors and clients remains the same—deliver competitively priced, holistic retirement plan solutions that keep the client's best interest at the forefront.

"As the DOL's fiduciary rule looms, the importance of transparency—in fees and plan administration—is more important than ever before," Bachu said. "At URPC, we are dedicated to efficient retirement plan administration for the betterment of plan sponsors and participants."

Integrated resources support this initiative. Team members work seamlessly on retirement plans across the country providing excellent plan design, consulting and administrative services on the full range of traditional 401(k), defined benefit, cash balance, and combination plans.

"URPC's national sales team continues to strengthen and deepen relationships with our financial intermediaries," Bachu said. "As these partnerships continue to flourish, we are able to collaborate on more products and solutions that better serve our shared clients."

Retirement plan inquiries can be directed to URPC's toll-free customer service team at 1-844-205-2129.
